

Privateer Digital and HIPAA Privacy

At Privateer Digital we are committed to maintaining the confidentiality of information entrusted to us by our clients, especially individually identifiable personal and health information such as names, addresses, and Protected Health Information. Privateer Digital enables our clients to communicate with their patients while complying with HIPAA. Privateer Digital protects the confidentiality of information it receives by adhering to the requirements of the HIPAA Privacy Rule and the HIPAA Security Rule. The Privacy Rule governs the acquisition, storage, transfer and retention of Protected Health Information, in both electronic and paper formats. The Security Rule covers all information acquired, maintained or transferred electronically. We comply with all business associate obligations under HIPAA, enabling us to provide the highest level of service to our dental customers.

Privateer Digital follows the policies and practices outlined by HIPAA and The HITECH Act. We respect the privacy of personal health information and take securing your and your patients' data seriously. Privateer Digital services are 100% HIPAA ready and enable practices using the system to comply with its obligations as a Covered Entity.
